

Floods can occur any place, any time or in any state

IMPORTANT

Your homeowners insurance policy *does not cover flood damage*

Between 20 and 25 percent of all flood insurance claims come from low-risk areas

Causes of Flood:

- Storms or Hurricanes
- Melting snow
- Poor drainage systems
- Ice dams

Just an inch of water can cause significant property damage

Insurance coverage is considerably less expensive than federal disaster loans and it's 100 percent backed by the U.S. government
